Q32. Because there is no state budget in place, Governor Paterson, to help close the state's nine billion dollar budget gap, has pushed for furloughing non-essential state workers one day per week until a new state budget is passed, to save 30 million dollars per week. The Legislature approved the Governor's furlough plan, however a federal judge – at the request of state worker unions – has blocked the Governor's ability to furlough workers for at least two weeks until a hearing can be held. Do you support or oppose the Governor's plan to furlough state workers one day a week until a state budget is in place?
