Q10. The CRTA would establish the Office of Cannabis Management which would be charged with approving social and economic equity plans, approving the type and number of licenses and coordinating rules for Cannabis use and sale. The CRTA proposes a five-member board that would be appointed by the Governor. Do you think the Governor should appoint the entire five-member board or do you think the Governor should appoint some members while the Legislature appoints some members as well?

	Party				Gender		Political View			Region			Ethnicity			Age			Religion				Income		
	Total	Dem	Rep	Ind/Other	M	F	Lib	Mod	Conserv	NYC	Subs	Upst	White	Afr Amer /Black	Latino	18-34	35-54	55+	Cath	Jewish	Prot	Other	<\$50K	\$50K-\$100K	\$100K+
Governor appoints all five	12%	17%	10%	7%	15%	10%	13%	13%	11%	18%	9%	8%	11%	19%	18%	18%	15%	7%	12%	8%	15%	11%	14%	8%	16%

Q13. Some have said that even if adult recreational cannabis use is passed this year that it will take at least 18 months to put the regulatory process in place thereby slowing the state's receipt of much of the revenue. Others argue that the rollout could be faster if as in some states, the current medical marijuana dispensaries were licensed to sell adult use first. Do you support a rollout that would take at least 18 months to put the regulations in place, or do you support a faster rollout by licensing current medical marijuana dispensaries to begin selling adult-use recreational cannabis sooner?

Q15. The CRTA would generally prohibit 'vertical integration' meaning companies could not be licensed simultaneously to work in multiple areas - cultivation, processing, distribution and sales. However, the proposal would allow some or all of the companies that currently sell medical marijuana to be able to cultivate, process, distribute and sell adult recreational cannabis. Do you support or oppose allowing some or all of the medical marijuana distributors to be licensed to cultivate, process, distribute and sell adult recreational cannabis?

Q16. The CRTA allows counties and cities of 100,000 or more people to decide whether or not to opt out of cannabis sales. If a city or county opts out it would be illegal to have stores selling cannabis in that city/county. Do you support or oppose granting cities and counties of 100,000 or more people the ability to opt out of having stores sell cannabis?
