**Q30. Recently, Mayor Adams said this in relation to the recent influx of migrants: "Never in my life have I had a problem that I did not see an ending to - I don't see an ending to this. This issue will destroy New York City." Do you agree or disagree with Mayor Adams that the influx of migrants will destroy New York City?**

After the surprise attacks Hamas carried out on Israeli civilians, Israel must do everything it can – including a large-scale attack in Gaza – to make sure it never happens again, regardless of casualties	32%	26%	49%	28%	39%	26%	17%	29%	49%	30%	32%	29%	35%	33%	38%	17%	22%	21%	30%	39%	37%	53%	31%	17%	22%	30%	39%
While Israel must try everything to get back the hostages taken by Hamas, a large-scale Israeli attack in Gaza is too risky, given the large number of innocent Palestinian civilians likely to be killed or wounded	50%	58%	30%	51%	45%	54%	70%	53%	29%	52%	49%	52%	46%	50%	46%	54%	61%	61%	53%	41%	46%	29%	48%	66%	54%	54%	52%

This Siena College Poll was conducted October 15 - 19, 2023, among 1225 NYS Registered Voters. Of the 1225 respondents, 928 were contacted through a dual frame (landline and cell phone) mode and 297 respondents were drawn from a proprietary online panel (Lucid). Telephone calls were conducted in English and respondent sampling was initiated by asking for the youngest person in the household. Telephone sampling was conducted via a stratified dual frame probability sample of landline and cell phone telephone numbers weighted to reflect known population patterns. The landline telephone sample was obtained from ASDE and the cell phone sample was obtained from Dynata. Data from collection modes was statistically adjusted by age, party by region, race/ethnicity, education, and gender to ensure representativeness. It has an overall margin of error of +/- 3.4 percentage points including the design effects resulting from weighting.

The Siena College Research Institute, directed by Donald Levy, Ph.D., conducts political, economic, social, and cultural research primarily in NYS. SCRI, an independent, non-partisan research institute, subscribes to the American Association of Public Opinion Research Code of Professional Ethics and Practices.
