The leaders of the State Legislature say the budget isn't passed yet because Governor Hochul is insisting that several policy proposals must be included in the budget, even though those policies have no fiscal impact on the state. For each of these proposals I'd like you to tell me first whether you support or oppose that proposal and if you do support it, I'll ask you whether or not you think the Governor is right or wrong to hold up the budget because of that proposal. This Siena College Poll was conducted April 14 - 16, 2025, among 802 NYS Registered Voters. Of the 802 respondents, 500 were contacted through a dual frame (landline and cell phone) mode (170 completed via text to web) and 302 respondents were drawn from a proprietary online panel (Cint). Telephone calls were conducted in English and respondent sampling was initiated by asking for the youngest person in the household. Telephone sampling was conducted via a stratified dual frame probability sample of landline and cell phone telephone numbers weighted to reflect known population patterns. The landline telephone sample was obtained from ASDE and the cell phone sample was obtained from MSG. Data from collection modes was statistically adjusted by age, party by region, race/ethnicity, education, and gender to ensure representativeness. It has an overall margin of error of +/- 4.4 percentage points including the design effects resulting from weighting.
